
NETWORK PROVIDERS

DeltaCare has agreements with many private practice dentists to provide care to members. Please choose your primary care dentist from this list of network primary care dentists who participate in the DeltaCare plan. You may choose a pediatric dentist listed in this directory as a primary care dentist.

Also listed in the directory are participating specialists such as endodontists, oral surgeons, orthodontists and periodontists. We recommend direction from your primary care dentist for referrals to these specialists.

The providers are listed in alphabetical order, by city (Louisville is listed first in each section), within Kentucky. Credentials of network providers have been reviewed; however, we do not guarantee the performance or quality of work of any provider.

IMPORTANT!

Covered services must be performed by a network provider or by a network specialist. **No benefits are provided for services received from a provider other than a network provider.** Providers listed in this directory may change; new providers may be added and some may leave. If you are unsure about their status, call our Customer Service Department at (800) 955-2030.

Visit our website at www.deltadentalky.com.
