* Option A: Members who choose a Delta Dental PPO network provider have the lowest out of pocket expenses and cannot be balance billed. When services are received from an out-of-network dentist (non-participating dentist), Delta Dental's Non-participating Dentist Fee may be less than what the dentist charges and you will be responsible for the difference. Dentists are allowed to unbundle services and fees, and balance bill patients. You may also be responsible for filing your own claims.

* Option B & C: The Delta Dental PPO Plus Premier program allows members to utilize any licensed provider. Members who choose a Delta Dental PPO network provider have the lowest out of pocket expenses and cannot be balance billed. Members who choose a Delta Dental Premier network provider cannot be balance billed.

** There is a 12 month waiting period for all Major Services. A credit to waive the waiting period can be applied with proof of prior dental coverage. Prior dental coverage must be for 12 months with no lapse and no more than 60 days since policy terminated.

This is a partial list of covered services and is not a contract of insurance. Your coverage is subject to the limitations, exclusions, and other terms and conditions of the member certificate of insurance.

Healthy Mouth, Healthy Body Program

Delta Dental of Kentucky believes everyone deserves a healthy and happy Smile. The Healthy Mouth, Healthy Body program can integrate with medical carriers and review medical data to determine employees that may qualify for additional services. Communication outreach can be sent to identified members encouraging enrollment in the program.

Enhanced coverage for at-risk conditions

Congratulations! Your Delta Dental coverage has been enhanced to keep you healthy and happy. Your plan now provides enhanced coverage for enrollees with certain high-risk medical conditions. These benefits will help you better manage your oral and overall health.

Scientific research shows that oral health can have a significant impact on specific medical conditions. Delta Dental closely monitors oral health-related scientific studies and technology through our Research and Data Institute. We use this information to enhance our plan designs in ways that improve your health and save you money.

Your new coverage includes additional routine teeth cleanings (prophylaxes) or periodontal maintenance cleanings per benefit period (rather than the standard two) for people with certain health conditions.

Health conditions that qualify for up to 4 cleanings per year:

- Diabetes and Periodontal Disease
- Renal Failure/Dialysis
- Infective Endocarditis High Risk Patients
- Dementia
- Chemotherapy/Radiation
- HIV Positive Status
- Stem Cell (Bone Marrow) Transplants

Health conditions that qualify for up to 3 cleanings per year:

- Patients in Active Orthodontic Treatment
- Pregnant Women with Periodontal Disease

If you have one or more of the conditions listed above, ask your dentist and physician how you can better manage your oral health to prevent infection and improve your condition. Keep in mind, the timing of your treatment can be critically important. Your dentist and physician can help you make the best treatment decisions at the most appropriate time, based on your health and history.

Save Money and Stay in Network

With a PPO Plus Premier dental plan, visiting a Delta Dental PPO™ dentist provides the most significant discounts resulting in lowest out-of-pocket costs. In-network PPO dentists have agreed to accept lower fees as full payment for covered services. However, if a dentist doesn't participate in Delta Dental PPO, you can still save money with a Delta Dental Premier® participating dentist. Like our PPO dentists, Delta Dental Premier dentists agree to accept Delta Dental's fee determination as full payment for covered services.

Find a Delta Dental Participating Provider

Dentists who participate in Delta Dental's networks agree to charge discounted rates for their services – which saves you money. With 3 out of 4 dentists participating in the Delta Dental network, it's easy to find a qualified in-network dentist.

First, determine the Delta Dental plan(s) you are looking at for your dental benefits:

- **Delta Dental PPO™** – In-network benefits are available through providers who participate in the Delta Dental PPO network.
- **Delta Dental Premier®** – In-network benefits are available through providers who participate in the Delta Dental Premier network.
- **Delta Dental PPO Plus Premier™** – In-network benefits are available through providers who participate in the Delta Dental PPO or Delta Dental Premier network.
- **DeltaCare® USA** – Benefits are only available through providers who participate in the DeltaCare network.

Second, use one of the following methods to identify a participating provider who is in your plan:

Internet

Visit deltadentalky.com and request the information by city, state, zip code, provider's name or specialty.

Mobile App

Download the mobile app for Apple or Android. To download, visit the App Store (Apple) or Google Play (Android) and search for Delta Dental.

Customer Service

If you receive treatment from a non-network provider, your benefits may be paid at a lower percentage or you may be balance billed.
